#### "Weakness"

Weakness

If other physicians have treated you for re-called "weakness" you were helped orly temporarily if at all, and the reason is very apparent when the cause of loss of powers in man is understood. "Weakness" isn't a weakness at all, but is merely a symutom of chronic inflammation in the prostate gland. My system of local treatmen removes this inflammation, and is the only treatment that ever has or ever can permanently restore strength and vigor.

#### Contracted Disorders .

Alany men make the mistake of attempting to core themselves by the use of patent nostroms. All contracted discusses are dengraats unless treated promptly and scientifically. A partial cure may result to loss of sexual power through injury to the prostate glant. My trainment is prompt and absolutely infallible.
